

## CURRICULUM VITAE

### Personal Detail:

**Name:** Khaled Abou Hadeed  
**Address:** Institut für chemie  
Universität Zürich  
Winterthurerstrasse 190  
CH-8057 Zürich  
Switzerland  
Tel. ++41-44-635 41 98 Off.  
E-mail: [k.abouhadeed@chem.uzh.ch](mailto:k.abouhadeed@chem.uzh.ch)

### Education:

1975-1978 M. Sc degree, Department of Chemistry, Faculty of Science,  
University of Cairo-Egypt  
1980-1985 Ph.D degree, University of Konstanz (Germany), Organic Chemistry,  
Group of Prof. Dr. Dr. W. Pfeleiderer (DAAD Fellowship 1980-1985)

### Academic Appointments/Employment:

1978-1980 Assistant lecturer at the Department of Chemistry, Faculty of  
science, University of Suez Canal, Ismailia-Egypt  
**1985** Assistant Professor, at the Department of Chemistry, Faculty of  
Science, University of Suez Canal, Ismailia-Egypt  
1986-1988 Post doctor at the Institute of Organic Chemistry, University of  
Fribourg, Switzerland.  
1988-1991 Assistant Professor at the Department of Chemistry, Faculty of  
Science, University of Suez Canal  
**1991** Associate Professor. in Organic Chemistry, University of Suez  
Canal, Ismailia-Egypt  
1991-1994 Senior Research Scientist, Institute of Organic Chemistry, University of  
Fribourg, Switzerland.  
1994-2004 Head of Research Group at the Institute of Organic Chemistry,  
University of Zurich, Group of Prof. H.-J. Hansen  
**2002** Professor of Organic Chemistry, Chemistry Department,  
Faculty of Science, University of Suez Canal, Ismailia-Egypt  
2004-Present Head of Research Group and Scenior Reseacher at the Institute of  
Chemistry, University of Zurich, Group of Prof. J. Robinson

**Teaching Experience:**

1985-1986	Lectures in Organic Chemistry at University of Suez Canal, Spectroscopy ( $H^1$ and $C^{13}$ NMR, IR, UV, MS) and Reactions Mechanim
1986-1988	Supervision of several chemistry laboratories at University of Fribourg , Switzerland
1989-1991	Lectures for the post graduate students (spectroscopy and reactions mechanism), University of Suez Canal, Egypt
1991-1994	Lectures in Organic Chemistry (pharmaceutical chemistry) at University of Fribourg, Switzerland
1994- present	Teaching Organic Chemistry and supervision of the chemistry laboratories of the first two semesters for medicine, chemistry, biochemistry and biology students at University of Zurich
1994-Present	Supervision of different Diplom and Ph.D thesis at University of Zürich among them three Ph. D. students from Suez Canal University, Ismailia, Egypt.

**Publications:** Number of Publications is 37.

**Membership at Scientific Societies:**

Swiss Chemical Society since 1991 and other Societies.

**Prof. Dr. Khaled Abou Hadeed : Zurich, 10. 3. 2014**
